

TERRAVITA ART LEAGUE

The Terravita Art League Presents

An Introduction to Plein Air Painting

Presented by Bob Green OPA

Wednesday, February 8, 1:00 pm
in the Art Room in Desert Pavilion

Bob is a seasonal resident of Terravita from Alaska with a “retirement career” as a professional oil painter, specializing in landscapes. His paintings are part of important private and corporate Alaska collections and have hung in the Anchorage Art Museum.

The presentation will include a very brief discussion of why it is important for landscape painters to paint outdoors, and a quick history of plein air painting. Most of the presentation will be centered around the equipment needed to paint outdoors with a demonstration of Bob’s setup. By the end of the presentation you should be ready to try painting outdoors yourself! If there is enough interest, we will discuss forming a Terravita Plein Air Painters’ group.

No charge. Just come and meet your fellow plein air enthusiasts.
